# Investment Philosophy

## 3 – pronged approach with each asset class having a different role to perform

### Net Equities

- Provides participation in the upside
- Opportunity to generate alpha through active management

- Earnings growth have been strong in the last 1 year
- Continued economic recovery

### Fixed Income

- Provides regular income
- Lends stability to overall portfolio
- Lower correlation with equities
- Fulfils liquidity and margin money requirement

- Yields on a hardening trend
- Liquidity and inflation trajectory needs to be watched

### Arbitrage

- Aims to provide returns equivalent to shorter term debt
- Risk-reward profile expected to be similar to debt asset class

- Spreads attractive as sentiments have improved
- Higher flows and enhanced liquidity continues to provide opportunity

# Positioning in the Risk-Return Matrix - Illustration

Category-wise Risk-Reward Illustration

The Fund aims to provide risk-adjusted returns

The above chart is for illustration purpose only

## Disciplined approach for Asset Allocation

---

- Disciplined asset allocation ensures that regular profit booking happens in the asset class which has outperformed
- Asset allocation within a range helps define the risk-return characteristics, which can ensure discipline and resistance to emotions while investing

\*Please refer SID, for more details on asset allocation.
